In the World of Midgard, the Trees are Always Watching

Brace yourselves for adventure and excitement in the deep, dark woods! *The Old Margreve* is a setting guide, player options compendium and adventure collection all rolled into one incredible tome!

Welcome to the Old Margreve, a sprawling, possibly sentient forest in the world of Midgard! This classic Kobold Press setting has been updated for **Tales of the Valiant**. Explore the world of the Old Margreve with our setting guide, build a character using new backgrounds, lineages and subclasses, then take your new adventurer for a stroll through a dozen adventures in these shadow-haunted woods.

Unearth new magic items, new weapons and wield the powers of the forest with a handy guide to running adventures within the borders of the powerful and wise forest!
